

Events

We run Legal Observer trainings once every quarter in London, and tend to run Know Your Rights trainings on a more 'by request' basis. If there are no events visible on this page it's because we have yet to fix the date for our next training.

We have an email list just for those interested in being notified of our training days as they're announced. If you would like to join this list please email GBC Legal via our [contact page](#).
